WEBSITE CONCEPT FLOW

APPROVAL OF WEBSITE DESIGN PROOFS

Project: SPOLETO WEBSITE DESIGN

- I have reviewed all pages and approve the website design to move forward with coding.
- I do NOT approve the website design pages and have noted the changes, additions, deletions or corrections in a separate document. (Three (3) rounds of changes are included in the design phase of the project. If it falls within the three rounds, we will prepare a new proof for you to approve. If it falls outside of the three rounds, we will provide a change order identifying the additional costs.)

My signature below hereby gives TCreative approval to proceed with coding the website. I also give my approval for TCreative to invoice my department for satisfactory completion of the website milestone of this project.

I understand that further changes to the design, structure, layout, objectives, or content of the website following approval to code will result in a delay in the final publish date of the website and could result in additional costs.
